Grace Notes: The Miracles of Jesus

So, this is the second month in our teaching series about the miracles of Jesus.

What have we learnt so far: Well we know for sure that Jesus has the authority to heal sickness he has the power to cast out demons but do we realise that he didn't simply delegate His authority to us, God embedded His inherent power in us.

Oh we say matter-a-factly He is the restorer of life but remember it's what we are witnessing here in the gospels is not, or at least should not be exceptional, it is normative.

We can anticipate replicating the same experience because - as He is, so are we in this world. What we are seeing here is the natural outworking of the supernatural indwelling.

It is a little cliché perhaps but it's important that we understand that Christ isn't Jesus' surname:

Christ is the very power of God (1 Cor.1:24).

CHRIST, if you will allow me to use a modern day idiom the operating system that was at work within Jesus. The operating system (OS) is the most important program that runs on a computer. We can be "forgiven" for not understanding that the very same Operating system (the Christ) that was installed in Jesus is installed in you and I.

So when we see Jesus being who He is, try to remember he's also mirroring who we are. He is modelling the indwelling Christ for us. To those who have ears to hear, Jesus' invitation is If I can do it, you can do it.

As we move forward in this series I want you to notice what it is that motivates Him; it's not his ego, it's not building a reputation for himself; No, what drives Him is the compassion of THE CHRIST compassion for His people.

Mark my words when this same Spirit is at work in our ministry here in Burnt Oak; when we have compassion for people; when we consider the needs of others we will find the miracles attend us, and we will not have to attend to them in the slightest.
